PROFESSIONAL SUMMARY

Creative and results-driven **Frontend Developer** with **5+ years of professional experience** in designing and developing **responsive, high-performance, and visually appealing web applications**. Skilled in **React.js, Redux, Context API, Rest API, ChartJs JavaScript (ES6+), Material-UI, and modern CSS frameworks**. Passionate about crafting intuitive **user interfaces** and delivering **pixel-perfect** designs that enhance the user experience. Strong collaborator, experienced in working with **cross-functional teams** using Agile and **CI/CD workflows**.

WORK EXPERIENCE

Sr. Frontend Developer — Masters' Union (Venturepact)

Jan 2023 – Present | Onsite

- Developed and enhanced a **Learning Management System (LMS)** using **React.js** and **Material-UI**, delivering a seamless and interactive learning experience across web and mobile platforms.
- Worked on the **LMS mobile application**, leveraging **Capacitor.js** to build and deploy the app for **iOS and Android devices**, and handled device-specific bugs to ensure stable cross-platform performance.
- Contributed to multiple LMS modules including **attendance tracking, course management, session analytics, Tv Mode** and **Capstone**, focusing on scalability and reusability.
- Implemented a **theme management system** for both the LMS web and mobile apps, enabling dynamic theme switching and improved branding flexibility.
- Designed and developed the **Career Coach Student Dashboard**, a job-seeking and career development platform to help learners connect with placement opportunities.
- Working on **Reactive Resume**, a resume-building tool that enables users to create customizable resumes interactively, built using **React with TypeScript** for enhanced type safety and maintainability.
- Built data visualization dashboards using **ApexCharts** for presenting real-time performance and engagement analytics.
- Collaborated with **UX/UI designers** to translate wireframes into pixel-perfect, responsive layouts following accessibility standards (WCAG 2.1).
- Optimized app performance using **lazy loading, code splitting**, and memoization, improving rendering efficiency by 35%.
- Integrated **REST APIs** for **fetching, managing, and visualizing educational data in real time**.
- Actively participated in **Agile sprints and code reviews**, ensuring consistent delivery of high-quality, maintainable code.

Web Designer / Frontend Developer — Outgrow (Venturepact)

May 2021 – Dec 2022 | Onsite

- Designed and optimized **Outgrow's main website** using **PHP, Laravel**, and modern frontend frameworks.
- Revamped **Outgrow's WordPress blog**, improving UI consistency and page load time by 40%.
- Created a **frontend interface for a custom PDF Builder**, improving UX with dynamic form rendering.
- Developed **Omnienengage**, a React-based engagement tool from the ground up, ensuring responsive layouts.
- Improved **SEO** and accessibility standards across multiple products.
- Mentored interns on **modern CSS architecture** and **component-driven design**.

PROJECT HIGHLIGHTS

- **LMS Dashboard (React + Redux + ApexCharts):** Developed analytics dashboard to visualize student progress and attendance data.
- **PDF Builder UI (Angular):** Built modular interface for users to customize and generate PDFs dynamically.
- **Responsive Portfolio Templates (Tailwind + React):** Created mobile-first templates with accessibility-first design principles.

TECHNICAL SKILLS

Frontend Technologies:

React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS/SASS, Bootstrap 5, Tailwind CSS, Material-UI, Styled Components

State Management:

Redux, Redux Toolkit, Context API

Version Control & Collaboration:

Git, GitHub, GitLab, Bitbucket

UI/UX & Design Tools:

Figma, Photoshop, Canva,

CMS & Platforms:

WordPress, Webflow, Shopify

Testing & Quality:

React Testing Library, Chrome DevTools, Lighthouse Audits

Other:

Responsive Design, REST APIs, Performance Optimization, Accessibility (WCAG), SEO best practices

EDUCATION

Guru Nanak Dev University(Punjab)

Bachelor of Computer Science | May 2015 – Dec 2018

12th (Punjab School Education Board)

pursuing with 73% marks.

SOFT SKILLS

Team Collaboration | Attention to Detail | Problem Solving | Communication | Continuous Learning | Time Management
